Passive Tracker Seminar

We are pleased to invite select dealers and installers to the Spring 2006 Passive Tracker Seminar. The day will begin with an onsite registration of all participants and general announcements. The science behind Zomeworks passive trackers, tracker sizing and design, frequently asked questions, and tracker installation will be considered.

Many solar arrays are becoming larger and more complex. The seminar will include lessons learned from a passive tracker cogeneration installation.

To register for this seminar, fill in the information listed at the bottom of the page, and send your payment and registration forms to Zomeworks. We will send you a

registration receipt confirmation. You may visit our website at www.zomeworks.com for updates to our seminar. The first seminar date is scheduled for April 28th.

While no special rates have been obtained for this seminar, you may wish to contact one of the following hotels for convenient accommodations:
